Trestle Table

This trestle table is equally at home in a kitchen, dining room, or office. It features wedged through mortise and tenon joints that allow the entire thing to be knocked down and packed flat.

	K	Large Floating Tenon	***5/4 Hardwood Species 1	4	51mm	38mm	13mm

*You can substitute 4/4 Hardwood for the top.
** Part D Center Leg Accent is cut into 2 parts one 159mm long, the second is 361mm long
*** Floating tenons can be made from scrap and you don't specifically need 5/4. But if you are using 5/4 for your top, that is most likely what you have in the shop, which is why we listed the material as 5/4.

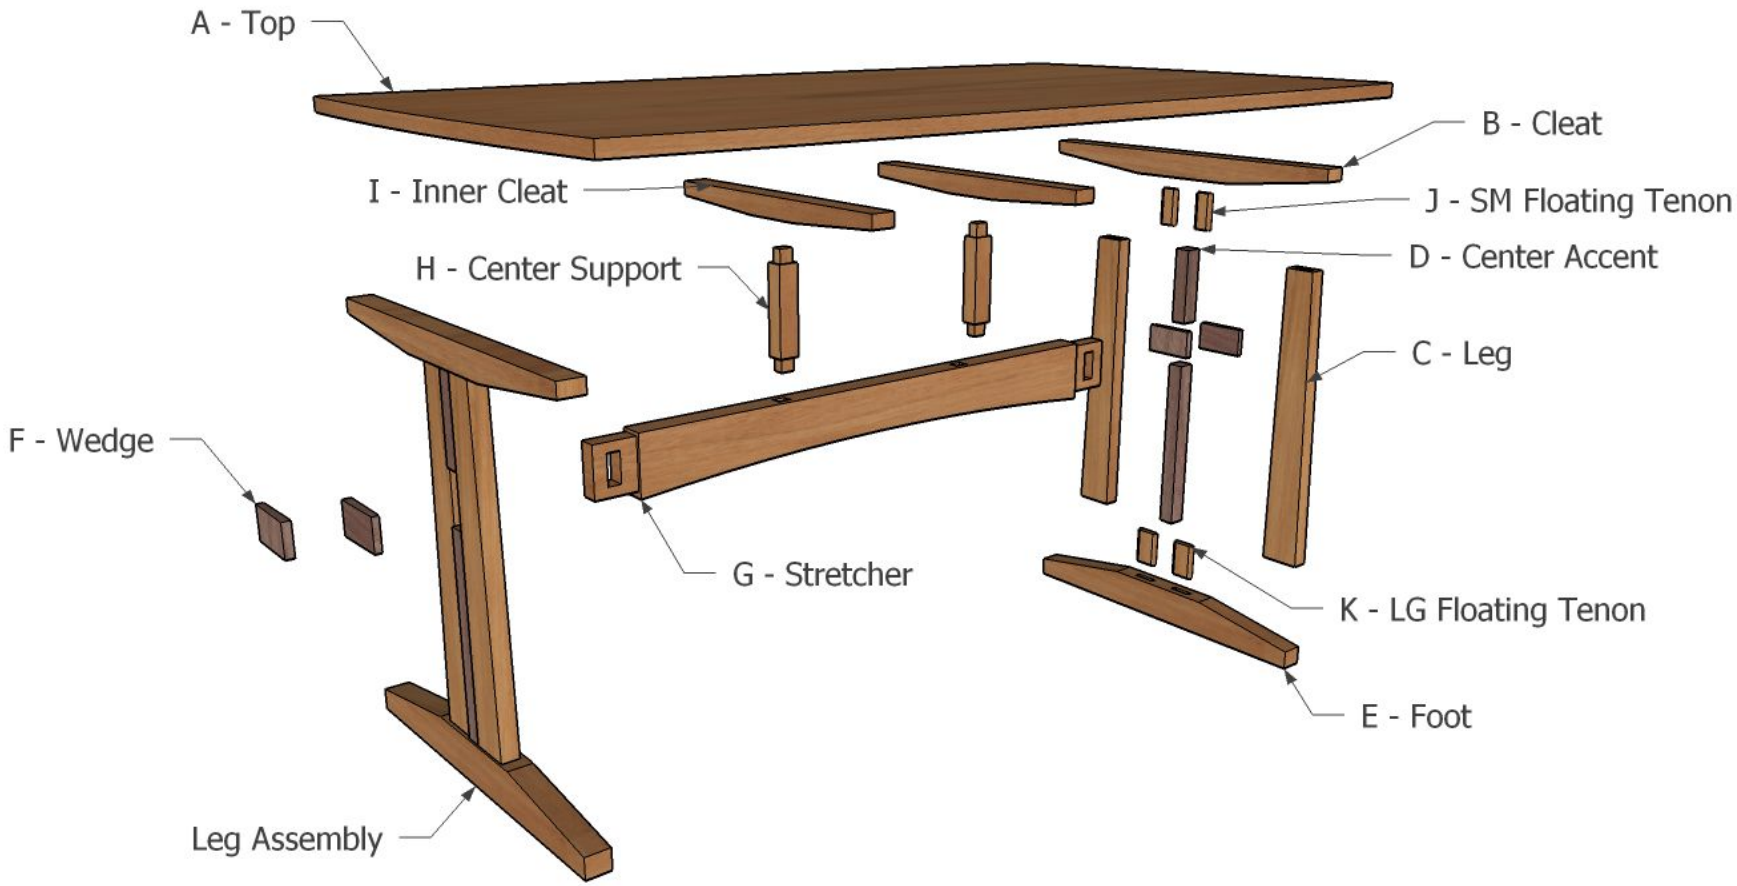

IMPORTANT! These plans were converted from imperial measurements, and rounded to the nearest mm. It is recommended you use relative dimensioning to insure a good fit.
